

Franklin Middle School

Interscholastic Athletic Program

Sportsmanship is #1

Janesville's Middle School Athletic Program offers students a wide variety of athletic experiences for any boy or girl who is willing to make the necessary sacrifices to become a member of an athletic team. It is our goal that every student who is scholastically eligible finds a place on one or more of our no-cut athletic teams. We feel that the value students receive from their association with athletics will have a lasting and worthwhile influence upon their development into adulthood.

Participation, performance, and competition in an athletic program should focus on the opportunity for students to develop and exhibit skills to the best of their abilities without pressures to determine individual or group superiority and with equal value placed on each activity. Goals related to this philosophy are:

- Building self-esteem
- Developing skills
- Expanding interest in lifetime and leisure activities
- Providing opportunity for personal and social growth
- Encouraging participation of all students
- Helping prepare middle school students for high school athletic participation

Additionally, school personnel believe that athletic programs are an integral part of the District's total educational program. In this context, we must remember that is the responsibility of an athlete in particular and athletics in general, to subjugate themselves to the total educational program.

Diversity is strength, and what America is all about. With this diversity, though, we are faced with more and more challenges. Each of us has a role to play in making society a better place. We can all do our part and make A WORLD OF DIFFERENCE!

Parents and Guardians

Please show good sportsmanship while you watch your son or daughter participate in our athletic program.
